### PART II – AMENTUM STANDARD TERMS

2. Certification of Independent Price Determination. 3. Price Warranty. Seller warrants that the price(s) charged for the products/services specified in this order are equal to or better than the selling price(s) Seller charges its most favored customer for the same or substantially similar items, whether sold to the Government or to any other purchaser, taking into account the quantity purchased and terms and conditions of sale. Seller further agrees that in the event of an announced priced reduction prior to complete shipment of supplies or performance of services, said price reduction shall be passed on to Buyer for supplies remaining to be shipped or services still to be performed.
4. Payment Terms and Invoicing. Unless otherwise specified in the Order, terms of payment are Net 45 days. If a discount for prompt payment of Seller's invoice is allowed, payments made within the allowable period will qualify for such discount. The time allowable for payment shall begin after both: (a) Buyer's receipt of Seller's complete and correct invoice, and (b) delivery of acceptable supplies or performance of satisfactory services. All invoices shall be submitted to Amentum Accounts Payable. Payment of invoices may be delayed pending correction of any errors or omissions.
5. Quantity. It is Seller's responsibility to furnish the quantity of supplies/services called for in this Order. No variation in the quantity specified herein will be accepted as compliance with this Order. Buyer reserves the right to return excess shipments at Seller's expense.
6. Assignment/Subcontracting. Seller shall not assign this Order, or any rights, interest, or payments, or the performance of any of its duties under this Order without the prior written consent of Buyer. Except for standard commercial items, raw materials, or other supplies identified in Seller's proposal as procured from others, Seller shall not subcontract any portion of the supplies/services without the prior written consent of Buyer. Any attempted or purported assignment/subcontracting by Seller without Buyer's prior written consent shall be void and not binding upon Buyer.
7. Work on Buyer's or Buyer's Customer's Premises. If this Order requires Seller to perform work on Buyer's or Buyer's customer's premises, Seller shall take all necessary precautions to prevent any injury to persons or damage to property during the progress of such work.
8. Gratuities. Seller warrants that it has not offered or given, and will not offer or give to any employee, agent, or representative of Buyer, a payment, gratuity, or kickback for obtaining or rewarding favorable treatment by Buyer with respect to the terms, conditions, price, performance, or award of an Order. A breach of this warranty shall be considered a material breach of the Order and may result in Buyer's termination of the Order and/or notification to Buyer's customer of such breach.
9. No Extra Charges. The total price payable to Seller shall be stated in this Order. The price shall not be increased to cover any future Seller price increases and shall be inclusive of packing, packaging, and cartage, premium transportation charges, reusable containers, service or carrying charges, permits, fees, and licenses, or any other charges whatsoever unless specifically agreed to in writing by Buyer.

10. Buyer's Intellectual Property. Buyer's intellectual property, such as drawings, specifications, data and the like, furnished to Seller for performance of the work shall remain the property of Buyer, shall be considered private and confidential Buyer information, and shall not be used by Seller for its own purposes or given to a third party without the express written consent of the Buyer. Any designs, drawings, dies, molds, tooling, technical data/information, prototypes, models or similar intellectual property that Seller develops or acquires pursuant to this Order and charges to Buyer's account, shall be considered a work made for hire and shall become Buyer's property, with transfer of full legal and equitable title, immediately upon development or procurement. When practical, all such Buyer property shall be marked as belonging to Buyer, shall be physically segregated from the property of the Seller or third party property located on Seller's premises, and shall be used exclusively to perform the work requirements of this Order. Upon Order completion, all Buyer-furnished intellectual property and intellectual property developed or acquired by Seller pursuant to this order (collectively "Buyer Intellectual Property") shall be returned or provided to the Buyer in the same condition as received, allowing for reasonable wear and tear, except to the extent that the property has been incorporated into supplies delivered or consumed in the performance of the work. Seller shall be responsible for all loss or damage to Buyer Intellectual property.
11. Non-Exclusivity: Except as explicitly set forth herein, nothing contained in this Order, associated Order, or associated documents shall require Buyer to purchase additional supplies and or services from the Seller, nor shall Seller have any right or privilege to exclusively provide to Buyer any of the types of supplies and or services described in or purchased under this Order. Buyer may contract with other suppliers for the procurement of any such supplies and or services on any terms and conditions deemed appropriate in the sole and absolute discretion of the Buyer.
12. Seller Contacts with Buyer's Customer and other Vendors. Buyer shall be responsible for all liaisons and communications with Buyer's customer for the term of this Order. Seller shall not communicate with Buyer's customer regarding this Order unless authorized to do so by Buyer. This clause does not affect the rights of any government entity to initiate communication with the Seller regarding this Order, and the Seller shall not be considered in breach of this clause under such circumstances. The Seller shall report such communications to the Buyer as soon as practicable.
13. Unauthorized Changes to Supplies/Services. Upon Buyer's approval of Seller's drawings, designs, specifications, etc., Seller shall make no changes affecting form, fit, or function of the supplies without Buyer's prior written approval. Any approvals by Buyer shall not relieve Seller of responsibility for any errors or deficiencies that may exist, or for performing the work and furnishing the supplies/services in strict accordance with the Order requirements.
14. Permits, Fees, and Licenses. Except as may be otherwise provided in this Order, Seller shall obtain and pay for all permits, fees, and licenses required for the work at no additional charge to Buyer.
15. Stop-Work Order. Buyer may, at any time, by written notice to Seller, stop all or any part of the work hereunder for up to ninety (90) days. Upon receiving a stop-work order, Seller shall immediately comply with its terms and take all reasonable steps to avoid incurring any additional costs allocable to such work. If the stop work order results in an increase in price or schedule, the Seller may submit a claim for equitable adjustment within thirty (30) days after the resumption of work.
16. Termination for Convenience. Buyer reserves the right, at any time, in its own best interest, and without liability, to terminate this Order in whole or in part, by written notice of termination for convenience to Seller. Buyer shall pay Seller only for supplies/services satisfactorily delivered and accepted up to the date of termination, at the price indicated in the applicable Order.
17. Termination for Default. Buyer may, without liability, and in addition to any other rights or remedies provided herein or by law, terminate this Order in whole or in part by written notice of default if Seller; (a) fails to deliver the supplies or perform the services within the time specified; (b) fails to make sufficient progress with the work, thereby endangering completion of performance within the time specified; or (c) fails to comply with any of the other instructions, terms, or conditions of the Order. With respect to terminations under subsections (b) or (c) of the previous sentence, Buyer's right to terminate for default may be exercised if Seller does not cure the failure within ten (10) days after receiving Buyer's notice of such failure. With respect to subsection (a), Amentum may terminate immediately, without a notice to cure. If Buyer terminates this Order in whole or in part for default under this section, Buyer may purchase similar supplies or services from others and Seller shall be liable for any additional costs above the original price for the terminated supplies/services. In the event of a partial termination, Seller shall continue the work not terminated. Buyer shall owe Seller the Order price for any completed supplies/services delivered and accepted only, less amounts for which Seller may be responsible as set forth in this paragraph, which may result in Seller being obligated to pay monies to Buyer. Buyer may withhold from any payments due Seller, any sum necessary in order to protect Buyer against any liability or expenses due to the termination for default.

18. Cessation of Production. If Seller plans to permanently discontinue production of any of the supplies, parts, support services, etc., provided to Buyer hereunder at any time during the useful life of the equipment, Seller shall give Buyer at least six (6) months advance written notification of such discontinuance and, during this time, agrees to accept Buyer's orders for such items on the terms and conditions contained in this Order.
19. Insolvency. If Seller ceases to conduct normal business operations (including inability to meet its obligations), or if any proceedings under bankruptcy or insolvency laws are brought by or against Seller, or a receiver for Seller is appointed or applied for, or Seller makes an assignment for the benefit of creditors, Buyer may terminate this Order, without liability, except for deliveries previously made and for supplies completed and subsequently delivered in accordance with the terms of the Order. In the event of Seller's insolvency, Buyer shall have the right to procure the balance of this Order from others without liability.
20. Notice of Labor Disputes. When an actual or potential labor dispute or other condition delays or threatens to delay the timely performance of this Order, Seller shall immediately notify Buyer in writing. Such notice shall include all relevant information regarding such dispute or other condition. Seller shall insert the essence of this provision in all subcontracts issued hereunder.
21. Order of Precedence. The following descending order of precedence shall apply in the event of an ambiguity, discrepancy, or conflict in the documents comprising this Order: (a) the Order including the terms and conditions, (b) the Statement of Work, (c) the technical specification, (d) the drawing(s), and (e) any other documents referenced or appended to the Order. However, in the event of an ambiguity, discrepancy, or conflict in any of the technical requirements or drawings, Seller shall immediately consult Buyer for written clarification, which shall be binding on Seller.
22. Interpretation of Order. This Order and any documents incorporated by reference or attached constitute the parties' complete agreement. No prior representations or orders, either written or oral, shall be considered to change, add to, or contradict this Order.
23. Applicable Law and Disputes. Regardless of the place of execution or performance of this Order, all disputes between the parties (including without limitation, any controversy, dispute, or other matter arising out of, relating to, or connected with this Order or its performance) shall be governed according to the laws of the Commonwealth of Virginia, without regard to its rules on choice or conflict of laws. If a dispute arises, Seller shall proceed diligently with performance of this Order and in accordance with Buyer's instructions. Seller agrees that non-payment to Seller shall not be a material breach of this Order excusing further performance, and Seller's remedy shall be to seek relief in court.

The parties agree that any claim, suit, action, proceeding, or request for injunctive or interim relief concerning any matter between them shall be filed, heard, and resolved exclusively in the U.S. District Court for the Eastern District of Virginia, or in the Circuit Court of Fairfax County, VA, if the U.S. District Court for the Eastern District of Virginia lacks subject matter jurisdiction. The parties consent and irrevocably submit to the jurisdiction and venue of the U.S. District Court for the Eastern District of Virginia and the Circuit Court of Fairfax County, VA and waive any right they may have to object to jurisdiction or to seek a change of venue. If any party files an action outside of these courts, such party shall be liable for reasonable attorneys' fees associated with any motion to enforce this provision, to dismiss for lack of venue or to transfer venue to one permitted by this provision. In any action filed against Amentum, electronic discovery from Amentum shall be limited to the documents from sources that Amentum keeps and maintains in the ordinary course of business. Absent a showing of compelling need, no such documents are required to be produced from archives, back-up servers, tapes or other such media, personal devices or personal accounts of its employees, or documents held by third-parties, nor shall Amentum be required to produce any meta-data. Any reference to other disputes procedures in any provisions or clauses incorporated by reference into this contract shall be deemed superseded by this clause. The rights and obligations described in this clause shall survive completion and final payment under this contract.

24. Compliance with Laws. Upon Buyer's request, Seller shall furnish evidence demonstrating such compliance.

The Seller shall abide by the requirements of [41 CFR 60-741.5\(a\)](#). This regulation prohibits discrimination against qualified individuals on the basis of disability, and requires affirmative action by covered prime contractors and subcontractors to employ and advance in employment qualified individuals with disabilities.

The Seller shall abide by the requirements of [41 CFR 60-300.5\(a\)](#). This regulation prohibits discrimination against qualified protected veterans, and requires affirmative action by covered prime contractors and subcontractors to employ and advance in employment qualified protected veterans.

The Seller shall abide by the requirements of 41 CFR 60-300.1. This regulation set forth the standards for compliance with the Vietnam Era Veterans' Readjustment Assistance Act (VEVRAA) of 1974, which prohibits discrimination against protected veterans and pre-JVA veterans as defined in this part, and required Government contractors and subcontractors to take affirmative action to employ and advance in employment qualified protected veterans.

The Seller shall abide by the requirements of [41 CFR 60-1.4\(a\)](#), 60-300.5(a) and 60-741.5(a). These regulations prohibit discrimination against qualified individuals based on their status as protected veterans or individuals with disabilities, and prohibit discrimination against all individuals based on their race, color, religion, sex, or national origin. Moreover, these regulations require that covered prime contractors and subcontractors take affirmative action to employ and advance in employment individuals without regard to race, color, religion, sex, national origin, protected veteran status or disability.

These warranties shall survive inspection, acceptance, and payment. Supplies/services that do not conform to the above warranties may, at any time within twenty-four (24) months after delivery to Buyer, be rejected and returned to Seller, at Seller's expense, for correction or replacement. The forgoing warranties are in addition to all other warranties expressed or implied by law.

33. Waiver of Rights. Failure of either party to insist on performance of any provision of this Order shall not be construed as a waiver of that provision or a waiver of Buyer's or Seller's right to require compliance with such provision in any later instance. If any provision of this Order is found to be illegal or unenforceable under law, that provision shall be deleted; however, all other provisions of this Order shall not be affected thereby, and shall remain in full force and effect.
